Novels Into Screen and Sensibility

Sorrow and Bliss Sense and Sensibility

Sense and Sensibility, and Persuasion In 1995 and 1996 six film or television adaptations of Jane Austen's novels were produced – an unprecedented number. More amazing, all were critical and/or box office failures. For the exploitation of early 19th-century romanticism with its emphasis on the pursuit of personal happiness and sexual self-fulfillment, Austen's novel was made in all the wrong ways. The filmic strategies were not as much an attempt to adapt Jane to the screen as the attempt to make sense of the screen to Jane. Austen'sickle of decent and pretentiousness also appeals to our fin de siècle sensibilities. The novels were changed, however, to enhance their appeal to a wide popular audience, and the revisions were so substantial in character that they might be considered as a new kind of filmic feminine fiction. The subtle feminine society is undermined, the public sphere is left almost entirely to men, and the soft femininity of the novel is replaced by the grittier, more assertive femininity of the film.
